Giving the Gift of Mobility

Who We Are

Imagine a world where movement is a human right...

Bridging Bionics Foundation is a charitable neuro-rehabilitation program created to help individuals who have neurological mobility impairments regain mobility and walk again. We are the only mobility program of its kind and offer UNLIMITED access to physical therapy and cutting-edge technologies that promote the well-being of our athletes. We have gifted 13,956 physical therapy sessions and invested over \$3 million to support our athletes in their recovery.

Our program's success is dependent on the support from our community and businesses like yours.

Gala Highlights

The annual Rise Up Gala is a sophisticated and inspirational event that invites some of the highest net-worth individuals in our community. Proceeds from the event make up 2/3 of Bridging Bionics Foundation's annual income.

This Year's Event on July 9th Will Feature

◆ DINNER ◆ DANCING ◆ LIVE AUCTION ◆

With celebrity dancers from
The Philippines:

Julius Obero
and
Rhea Marquez

The three-time world champions in
Para Dance Sport & Pilipinas Got Talent

Our Impact

With 64% of our athletes considered economically disadvantaged, their physical and mental health is dependent on the generosity of businesses like yours.

Our Rise Up Gala event's fundraising goal is \$500,000. All proceeds go towards supporting our athletes on their road to recovery. Your sponsorship will get us one step closer to giving the gift of mobility to everyone in need in our community.

- ◆ PLATINUM sponsorship = 133 gifted physical therapy sessions
- ◆ GOLD sponsorship = 66 gifted physical therapy sessions
